VOLUME 02 | Q2

BUILDING RESILIENCE THROUGH INNOVATION AND PURPOSE

As we reflect on the past quarter, we are proud of the dedication, resilience, and teamwork demonstrated across Serendib Flour Mills.

The food industry continues to face a dynamic landscape shaped by evolving consumer preferences, economic uncertainties, and global supply chain challenges. Despite these pressures, our commitment to Sri Lanka remains unwavering. Backed by the strength, global sourcing network, and extensive industry expertise of our parent company, Al Ghurair, we are able to ensure a reliable and uninterrupted supply of high-quality flour to households, bakeries, restaurants, and food businesses across the country. This strong foundation enables us to navigate market volatility with confidence while upholding our responsibility to support the nation's food security and contribute to the sustainable growth of Sri Lanka's food industry.

This quarter, we continued to strengthen our operations, enhance customer partnerships, and invest in initiatives that drive long-term sustainability. Our success is not measured solely by production volumes or business performance, but by the trust our customers place in us and the contribution we make to the nation's food security.

As we move forward, innovation will remain at the heart of our journey. Whether through product development, process improvements, or community engagement, we are committed to creating value for our customers, employees, and stakeholders.

We extend our sincere appreciation to our employees, customers, suppliers, and partners for their continued support. Together, we are not only milling flour, we are helping nourish communities, empower businesses, and build a stronger future for Sri Lanka.

Thank you for being part of this journey.

Little Hearts BIG SMILES

In celebration of the Sinhala and Tamil New Year, the Serendib family spent a memorable day with the little stars of the Sri Jinananda Children's Development Center, Wellawatte. What began as a simple gathering quickly transformed into a day filled with joy, laughter, games, and meaningful connections.

The children enthusiastically participated in traditional New Year activities, sharing smiles and creating cherished memories alongside our team. Through every conversation, every game, and every moment of togetherness, the true spirit of the season, unity, kindness, and gratitude, came to life.

More than just a celebration, the event was an opportunity to spread happiness and make the children feel loved, valued, and remembered. Their infectious energy and bright smiles reminded us that the greatest gifts are often the simplest ones: time, care, and companionship.

As we welcomed the New Year, we were grateful to share these special moments with the children of the Sri Jinananda Children's Development Center, creating memories that will remain in our hearts long after the festivities ended. The experience also reflected our deeper purpose of Nourishing Future Communities, not only by providing food, but by fostering care, connection, and hope for the generations to come.
